

Low Phase Noise Amps

- Phase noise as low as -165 dBc/Hz
- Wideband frequencies up to 40 GHz
- Saturated output power as high as 22 dBm
- Gain as high as 18 dB

Phase noise is no longer your nemesis.

Unwanted phase noise in your LO sources is now a thing of the past. With Custom MMIC's wideband, low phase noise GaAs amplifier MMICs you can finally achieve the resolution, bit error rate, and signal to noise specs you've been after.
